Best-in-Class Matters

- Category Management involves organizing spending and managing spending as strategic units based on solutions and services desired.
- The goal of Category Management is to deliver savings and operating efficiencies.
 - BIC is an acquisition designation for government wide vehicles
 - BIC is one strategy of Category Management
 - Office of Management & Budget (OMB) Memo M-17-22 endorses BIC as preferred solution and labels BIC vehicles as a Tier 3 tool.

VETS 2 is designated as a BIC vehicle
