IMC Receives Virginia Values Veterans Certification

Dulles, VA – [Innovative Management Concepts, Inc. \(IMC\)](#), an information technology solutions company, recently received certification through the [Virginia Values Veterans \(V3\) Program](#).

The Commonwealth of Virginia has a unique opportunity to help Veterans gain career employment. While Virginia ranks 12th among states in total population, it ranks 7th in total Veteran population and 4th in Veteran working-age population. While many employers are unaware of the value Veterans can bring to their workforce, thousands more are seeking to hire Veterans as a part of their workforce but simply don't know how. The V3 Program not only aims to educate and train companies as to why it is a sound business decision to recruit, hire, train, and retain Veterans, but also helps those committed companies, like IMC, meet their hiring goals.

IMC will join a highly respected field of V3 Member companies that have committed to hiring Veterans. V3 Member companies have access to cutting-edge best practices in recruiting, hiring, and retaining Veterans. V3 Member companies include both private and public sector organizations and large and small businesses. These companies have demonstrated to the Commonwealth that they Value Veterans, and have made a public commitment to hire Veterans into their workforce.

The V3 Program is an official Commonwealth of Virginia Program, authorized under the Code of Virginia (§ 2.2-2001.2). It is organized under the directorate of [Veterans Education, Training, and Employment](#) (VETE), within the [Virginia Department of Veterans Services](#) (DVS), an agency of the [Secretary of Veterans and Defense Affairs](#).

###
